YIOSI

INSTALLATION GUIDE

Moon Ring Ceramic Ginkgo Leaf Staircase Chandelier D1200

CHANDELIER · CEILING MOUNT

Model **YIOSI-0845**

Please read this guide completely before you begin, and keep it for future reference.

BEFORE YOU BEGIN

⚠ **WARNING**

- **Turn off the power at the circuit breaker** before installing, changing bulbs or cleaning the fixture.
- Installation by a **qualified electrician** is recommended. Install in accordance with local electrical codes.
- This fixture requires 18 G9 bulbs (not included), max. 25 W each. Do not exceed the rated wattage.
- Do not clean the fixture with corrosive substances such as gasoline or alcohol-based disinfectants.
- Use this fixture only for its intended purpose. Do not modify or rewire it.
- Keep small parts and packaging away from children. They can cause serious injury.

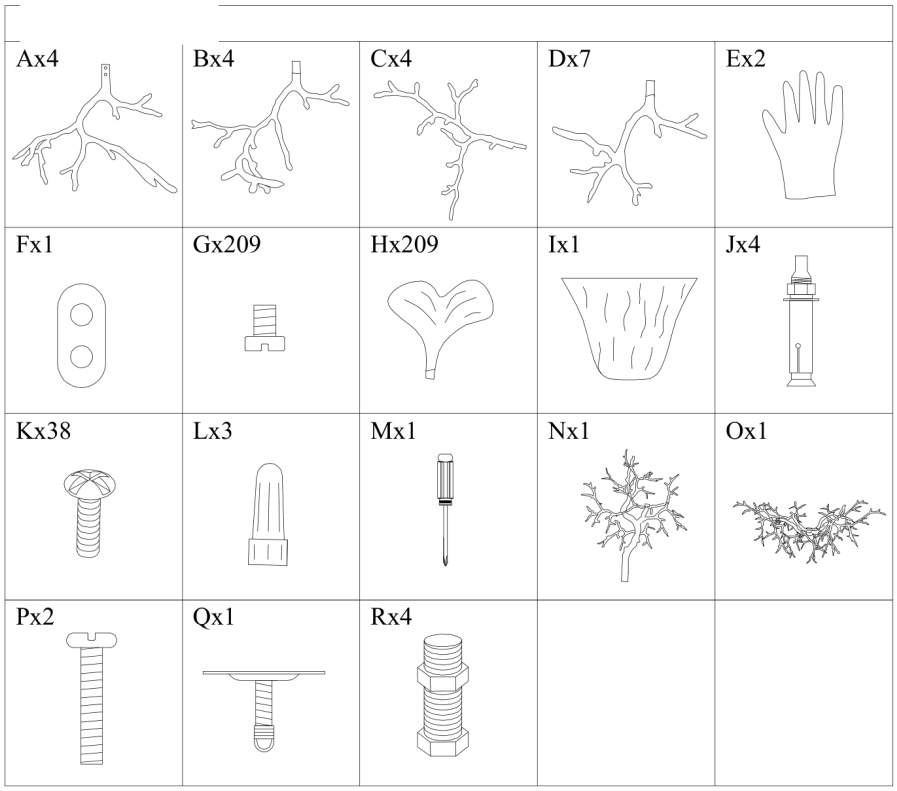

PREPARATION

- Read every step carefully and follow them in order.
- Unpack and check all parts against the parts list. If anything is missing or damaged, contact us before installing (see the last page). We will send replacement parts promptly.
- Assemble the fixture where it will be installed. Moving it mid-assembly risks losing small parts.

SPECIFICATIONS

LIGHT SOURCE	MAX. WATTAGE	MOUNTING
18 × G9 bulbs (not included)	**25 W per bulb**	**Ceiling, adjustable chain**

IN THE BOX

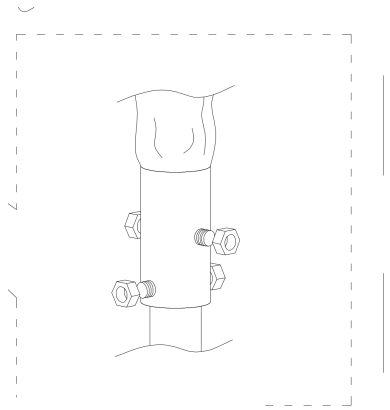

PART	QTY	DESCRIPTION
A–D	× 19	Branches: A ×4, B ×4, C ×4, D ×7
E / M	× 3	Gloves (E ×2), screwdriver (M ×1)
F	× 1	Connecting plate
G / H	× 209 ea.	Leaf screws (G) and ginkgo leaves (H)
I	× 1	Canopy
J / K	× 42	Expansion bolts (J ×4), screws (K ×38)
L	× 3	Wire connector
N / O	× 1 ea.	Branch clusters N and O
P–R	× 7	Mounting screws (P ×2), hook screw (Q ×1), threaded nipples with nuts (R ×4)

INSTALLATION

STEP 1

Assemble the branches

Take out the lamp body and check that it is firm. Fit the branches (A, B, C, D, N, O) into the matching sockets on the trunk and tighten the screws so each branch sits securely.

STEP 2

Mount the crossbar

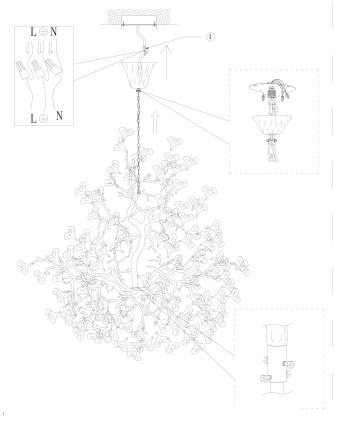

Turn off the power at the circuit breaker. Remove the crossbar from the mounting base and fix it to the ceiling junction box with the screws.

STEP 3

Connect and hang the fixture

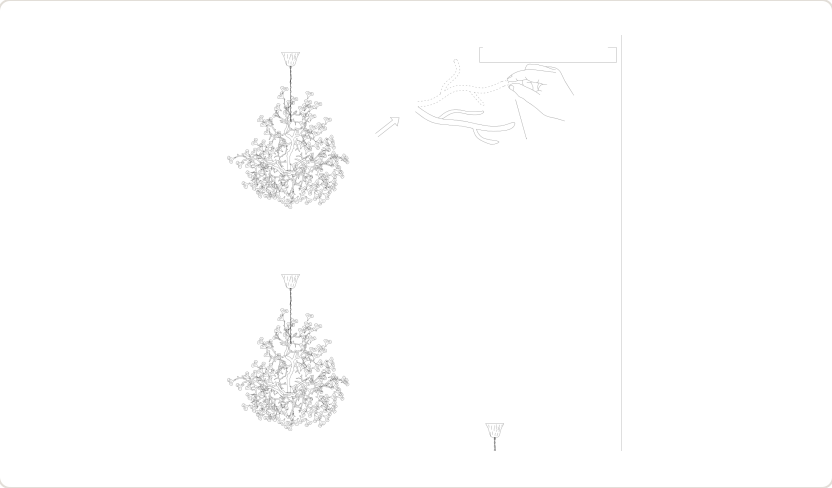

Lift the lamp body up to the bracket. Join the fixture wires to the matching house supply wires with the wire connectors (L): live to live, neutral to neutral, ground to ground. Lift the canopy (I) to line up with the screw holes, tighten it with the matching screws, then adjust the chain to the height you want.

STEP 4

Shape the branches

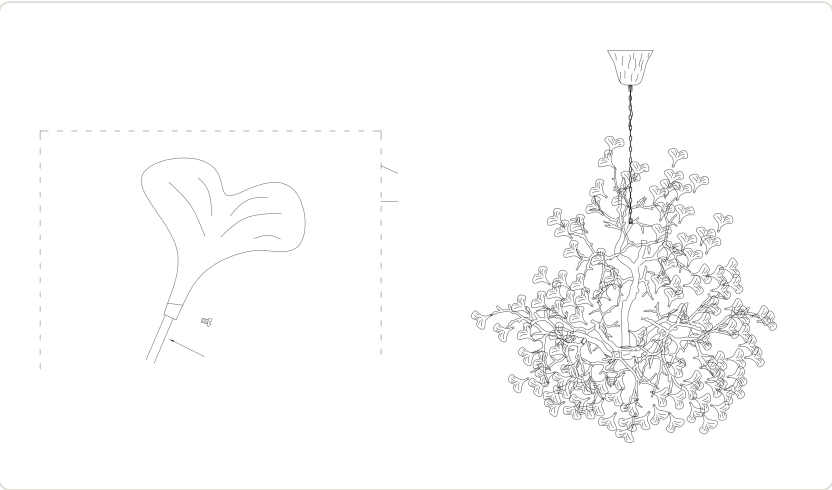

Swing the poles and lamp holders to the effect you like, then hold each branch with your hands and spread it out evenly, as shown.

STEP 5

Fit the leaves and bulbs

Hook each ginkgo leaf (H) into its hole on the branches and fix it with a leaf screw (G). Install the 18 G9 bulbs, then restore power and switch on to test.

CARE & SUPPORT

CLEANING & CARE

- Clean the fixture about once a month to keep it looking its best.
- Turn off the power and let the fixture cool to room temperature first.
- Wipe with a soft cloth dampened with water and wrung dry. Never spray liquid directly onto the fixture.
- Do not use gasoline, alcohol or other corrosive cleaners.

GOOD TO KNOW

- Use the fixture only as designed. Damage caused by modification, third-party parts or natural disasters is not covered.
- Warranty terms are listed at yiosilamp.com.
- Each ginkgo leaf is handmade, so small differences in size and shape are normal.
