STEP 5

Follow the pattern

Hang the tubes in the order shown in the top view (A, B, C, D). Restore power and switch on to test.

CARE & SUPPORT

CLEANING & CARE

- Clean the fixture about once a month to keep it looking its best.

- Wipe with a soft cloth dampened with water and wrung dry. Never spray liquid directly onto the fixture.
- Do not use gasoline, alcohol or other corrosive cleaners.

GOOD TO KNOW

- Use the fixture only as designed. Damage caused by modification, third-party parts or natural disasters is not covered.
- Warranty terms are listed at yiosilamp.com.
- The amber glass is hand-finished, so slight differences in tone between tubes are normal.
